

Winter School 2018

Digital Transformation in Oil & Gas Industry

Rajiv Gandhi Institute of Petroleum Technology

20th -21st January 2018

winterschool.sntrgipt.in

Poster Presentation

Winter School – 2018 provides the participating students with a platform to showcase their work in the field of **Digital Transformation in Oil & Gas Industry** in form of a Poster Presentation. Students can present their ideas, research work or review work with an academic or industrial focus on the theme. The primary motive of this competition is to enhance the ability to deliver a visual presentation without any other audio/video aids.

General Instructions

- Poster presentation would include presentation time and an open question answer session.
- The poster can be a research or review work, however any sort of plagiarism would result in immediate disqualification.
- Candidates will have to bring their own posters along with them.
- Posters should have maximum dimensions of 24 inches wide (2 feet) × 36 inches high (3 feet). Please verify poster dimensions before printing your poster. Oversize posters may not fit.
- All applicable references and conclusion should be mentioned.
- The presentation should contain adequate number of illustrations, methodology, figures and graphs so as to make the idea clear.

Sample Poster Format

Poster Title (Top – Centre alignment)

Author Name/s

Institute

Abstract (word limit 150)

Main Body

(It can be sub-divided into 3 or 4 sub-sections covering all the aspects of presentation)

Insights / Conclusion

Possible Poster Ideas

If your poster happens to be about Oil & Gas Industry that talks about Digital Technologies then this event is for you. Although we'll give preference to the posters that relate to our theme but, you are free to submit any poster from Oil & Gas Industry under the sun.

Digital Technologies may include Data Science, Machine Learning, Artificial Intelligence, Internet of Things, Simulation, Computer Modeling, and Software Applications.

Registration Guidelines

- Mail your abstract to science_technical@rgipt.ac.in with the subject **Poster Presentation Abstract | Poster Title | Institute | Author 1 | Author 2 | ... |** well before the deadline of **5th January 2018**.
- Subjective to the quality of your abstract you'll receive a mail from our side regarding the selection.
- You need to register yourself on **winterschool.sntrgipt.in** in next two days after receiving the mail to receive confirmation from our side.
- A poster can have at max 3 authors; all the authors must register individually and attend physically to receive certificates.

Rewards

- Cash Prize worth **₹15000/-** to be won.
- Best Posters to be published in **DEW Journal**.
- Paid **research internship** opportunities for the authors with the best research ideas.
